index—volume 43

Subject index

Communications
- BT alliance to develop intranet services 4
- Personal comms to have virtual centre of excellence 7
- Networking à la mode, by N. Squibb 17
- Radio comms for Australian railway 82
- LAN operates at up to 40 Gbit/s 83
- You'll never talk alone, by W. Tuttlebee 99
- Short message gets longer, by R. Dettmer 104
- From POTS to PANS, by H. Aiken 161
- Catching the TEN-34, by A. Morant 216
- NTL links to Ireland 226
- Digital radio takes off, by M. Gleave 239

Computing and control
- CAD/CAM show covers the field 4
- Assessing Year 2000 impacts 6
- The well-tempered computer, by L. Alty 11
- Malaysia's National Theatre to be automated 42
- Safe driving for computer users 43
- Software failures – follies and fallacies, by L. Hatton 49
- Are your systems safety-critical?, by F. Redmill 93
- Simulation gets into the loop, by D. Maclay 109
- Getting XAPped, by R. Dettmer 113
- Enterprise integration 130
- London Ambulance wins info award 130
- Networking computing to undergo consumer trial 132
- An inspector calls, by D. Schuschel 189
- Stepping off the ladder, by C. Davidson and J. McWhinnie 210
- The soft option, by D. Robinson 214
- The power within, by R. Cochrane 220
- ABB wins Heathrow Express contract 226
- UK lags on Internet 226
- Your flexible friend, by S. Dick 256

Electronics
- Pulling out the big ones 6
- No more platform announcement problems! 42
- Smart card trial for Leeds 42
- Motorola opens programmable technology centre 82
- Intertronic 97 82
- Shake, rattle and control, by W. Hodson 143
- Panel games, by C. Marshman 153
- Fresh guidance on EMC, by D. Imeson 156
- Salt batteries land on Mars 178
- UK base for Hitachi 228

Energy and the environment
- A controlled explosion of competition 4
- Natural gas station for Teesside 7
- Electricity in China, by F. Acker 55
- 630 MW generator undergoes on-site repairs 82
- Breakthrough in fire safety 130
- As prices fall, electricity service improves 131
- Virtual RECs 178
- Magnox scientists receive Royal Society award 178
- No more bolts from the blue, by P. Hardaker 199

Management and education
- Half century for Hannover fair 42
- Personal development for engineers 43
- A question of quality, by J. Midwinter 66
- FEI forum tackles lack of investment 130
- Computer exhibition offers something for everyone 131
- BT seeks Fellows 131
- UK chair has promoted research to aid manufacturing 131
- MEBOs, BIMBOs and BOs, by R. Donner and D. Cotton 139
- No pain, no gain, by R. Dettmer 207
- Collaborative research undervalued 226
- Breaking the mould, by D. Jefferies 245
- Computer algebra and applied mathematics, by M. Bromilow 259

Manufacturing and design
- Electronics sector shows manufacturing recovery 6
- Enhanced interface for design software 7
- Unmarked products 'still legal' 7
- Microengineering and the small business, by D. Wood 21
- Seaward becomes the biggest safety supplier 82
- Wiring Regs on CD-ROM 82
- NEC to host 1997 Manufacturing Week 83
- Design centre for semiconductors 131
- Samsung opens £4 million quality lab 131
- Meter manufacturers form user association 132
- May the force be with you, by G. Hearn 147
- Simulator drives vehicle research 178
- Putting the pleasure into products, by P. Jordan 249

New technology
- Spinning reserve, by R. Dettmer 36
- Cowry shell to smart card, by E. Everett 59
- New light on silicon, by R. Dettmer 71
- Single electron currents measured 83
- Optical amp boosts signals over 100 channels 178
- Hide and seek, by D. Daniels 193
- Superconductor test rig 226
- Copper meets silicon 228

Politics, social impact and history
- In Barron's court, by R. Dettmer 29
- A little learning, by R. Dettmer 88
- Fly as you view, by C. Baxter 118
- Thomson's corpuscles, by A. Coulson 186
